Good

Nothing

None

No

Nothing

Good

.

Not bad

Ok

To Motivate..

To Defend

To Arrogent

Nothing to say

Teaching and communication should be good with student

Lcd projector

Most of the faculty are partial to many students, that is totally unfair. It affects the other students in many ways.

Good thinking for student career,
Understand the student's ability,
Good faculty.

no

Noo

Good In Teaching and One Of The Best Collage for B Tech, Hope We Will Find More Improvements in Future for Students

1. Need projector
2. And need activities
3. Make good examples to understand

Nice teaching
Great experienced faculty

Should give freedom to students

Teaching should be perfect to all of students

I don't have any suggestions..considering the current condition of the Institution after the pandemic Situation..

The staff is trying its best to help out the students..

This is the best they can do..Thank You..!!

Everything is perfect

faculty must thoroughly prepare concepts more clearly.

- 1.Using projector while teaching

To take offline classes and provide complete notes

Be friendly with students

Practical examples

To improve Better faculty

Improve in teaching and interact with students

- 1)Syllabus should be done before 1week of the mid exams ,
- 2)after completion of unit a small slip test should be conducted
- 3)Try to be friendly with students so that they may ask the doubts
- 4) faculty should discuss important topics and questions as a revision .
- 5)notes should be given in a proper way

Increase lunch time.

Change the clg timings 10am to 3pm.

Washroom clear and lights on

Don't take classes continuously

Sense of humour should be there for every teacher

Must teach by connecting with day to day life style

Teaching in practical way helps more

Teaching in practical way best

Speak in English and teach in English

Timing

Very bad

Teaching more effectively

-> Could implement Interactive teaching with students

-> hands on with real time examples and problems

-> practicing more programs using any programming language

Communicate students without any partiality

1) Just follow the survey question no. 2,3,4,6,8,9,10,12,13,14,16,18,19 with (option no.1) to improve the overall teaching-learning experience in your institution....

Be friendly with students, and create nice atmosphere in class mingle with all students , don't try to be harsh on students , keep smiling always by following all these the students can able to open up their talents and skills in the class

Nothing to say

They have to teach in a good way...

It is vital that we take into consideration each individual when giving student feedback. Our classrooms are full of diverse learners. Some students need to be nudged to achieve at a higher level and other needs to be handled very gently so as not to discourage learning and damage self-esteem. A balance between not wanting to hurt a student's feelings and providing proper encouragement is essential

Should stop the partiality in students by teachers. Need to interact with students in a better way

illustration of science with artifices
And human resources

1. Use the ICT tools while teaching
2. Explain the topics with more examples
3. Keep in touch with Eco friendly

Explain in the Projector

Null

.

Connectivity
Encouragement
Opportunities

Reprehenderit reprehenderit quia sint eligendi perspiciatis minim voluptas illo velit tempora
recusandae Alias illum sed ex non aut quam

Interaction, field visits,

Interaction with students
Field visits

Field visits

Interaction, field visits,

We want more practical knowledge than theoretical knowledge

Industrial visiting

Subject related field visit should be there

Teaching skills should be improved
Field visit

Interest to know new skill and field visits

Teaching skills should be improved
Field visit

..

Provide faculty and be friendly with them .
support them for their future opportunities

Provide faculty with subject knowledge.

Students are facing problems in clearing doubts and literally feeling bad on educational wise,
lack of confidence due to lack of proper guidance.

Students moving out with empty brains regarding subject knowledge

1. Need field visits and site visit

1. Need field visits

2. site visit

1. Need field visits

2. Improve teaching Skills

3. Interaction with students

By Initiating Practical Knowledge in Students

Helping Students to participate more in field work

Giving Student A good Suggestion for their future growth.

To maintain the field visiting opportunities and to know the subject applications in general also

And to increase internships facilities

1. Providing more practical knowledge

2. Providing more experienced faculty for a particular subject

Digital classes should be provided

Seminars should be conducted

All classes should be in offline mode

Should provide digital classes, seminars should be conducted for better understanding of
concepts, classes should be conducted in offline mode.

Take extra class

Field visit,

Make more internships and projects

Overall good

Concentrating on each student individually

Notes to be given properly
Not showing partiality on special students
Encouraging of Every student

Experienced faculty

Better quality and replacement of instruments in lab.
Better placement ie ON Campus placement
Better Improvement in overall needed

Knowledgeable faculty needed,lab infrastructure,strict on assignment hrs

All teachers are good no more instructions

Should improve, encourage and teach in offline in future

Communication

College atmosphere need to be improve,

Please keep eye contact with students and give examples while teaching

Approach,

Need extra hours of teaching

Average

No

Every thing is good

Change the teacher

Guiding students for life skills, encouraging in their poor studies

- 1.While teaching any topic ask students whether they are able understand the concept or not .
2. Give important question from each unit from each topic that will help us to concentrate more on that particular topics.
- 3.Don't think of completing the syllabus faster, make sure that students got understand at least one topic in one unit.
